Accessibility

This information is available in alternative formats by contacting the DNR at 515/281-5145 (TTY users - contact Relay Iowa, 800/735-2942) or by writing the DNR at 502 East 9th Street, Des Moines, IA 50319-0034.

Equal Opportunity

Equal opportunity to participate in, and benefit from, the programs and activities of the Iowa Department of Natural Resources is available to all individuals regardless of race, color, national origin, disability, or age. If you believe you have been discriminated against in any program, activity, or facility as described above, or if you desire further information, please write to: Director, Iowa Department of Natural Resources, Wallace State Office Building, 502 East 9th Street, Des Moines, IA 50319-0034.

Funding for development and printing of this publication provided by Sport Fish Restoration monies.

Federal Agencies

National Park Service – NPS

1849 C St. NW
Washington, DC 20240
202/208-6843
www.nps.gov

Midwest Region
1709 Jackson St.
Omaha, NE 68102
402/221-3471

The National Park Service preserves unimpaired the natural and cultural resources and values of the national park system for the enjoyment, education, and inspiration of this and future generations. The Park Service cooperates with partners to extend the benefits of natural and cultural resource conservation and outdoor recreation throughout this country and the world. The web site includes educator resources.

Natural Resource Conservation Service – NRCS

210 Walnut St.
693 Federal Bldg.
Des Moines, IA 50309

515/284-4260
fax: 515/284-4394
www.ia.nrcs.usda.gov

The National Resource Conservation Service works through 100 field offices to provide technical assistance to landowners, farmers, communities, groups, and other agencies to help them protect the state's natural resources including soil, water, and wildlife habitat. Most offices have publications on soil and water conservation, habitat establishment, and more that can be requested in bulk for students.

NRCS provides advice to farmers on soil conservation measures and cost-share incentives; soils information for public use; and watershed programs for urban and rural communities.

NRCS oversees several programs that provide cost share and other incentives for conservation practices to protect or enhance natural resources on private land. Information is available on their web site.

Resource Conservation and Development (RC & D) areas help communities improve their economic base through training, seed money, and guidance. NRCS works through local Soil and Water Conservation Districts (SWCD) overseen by locally elected boards.

Resource Conservation and Development Areas – RC&D

RC&D areas are multi-county units. Direction and leadership comes from local citizens within the area. Specifically, an RC&D is a local project in which residents work together with other organizations in woodland management, alternative crop development, and other areas of local interest.

The Corps of Engineers is responsible for maintaining navigation on the Mississippi and Missouri Rivers and managing four flood control reservoirs – Coralville, Rathbun, Red Rock, and Saylorville Lakes. They maintain recreation areas for public use and provide public educational programs about protecting natural resources (e.g., eagle watches, camper programs, junior ranger programs). The Rock Island District encompasses approximately the eastern two-thirds of Iowa and publishes a quarterly newsletter, the *Mississippi River Review*. The remainder of the state is under the jurisdiction of the Omaha and Kansas City Districts.

U.S. Environmental Protection Agency – US EPA

Ariel Rios Building
1200 Pennsylvania Avenue, N.W.
Washington, DC 20460
202/272-0167
www.epa.gov

Region 7 (IA, KS, MO, NE)
901 North 5th Street
Kansas City, KS 66101
913/551-7003 or 800/223-0425
www.epa.gov/region07/

EPA's mission is to protect human health and safeguard the natural environment — air, water, and land. EPA works with other federal agencies, state and local governments, and Indian tribes to develop and enforce environmental regulations. EPA researches and sets national standards for environmental programs and delegates to states and tribes responsibility to issue permits, and monitor and enforce compliance. The Agency also administers voluntary pollution prevention programs and energy conservation efforts. Several educational resources are available on their web site.

USDA Forest Service – USFS

Eastern Region (Region 9)
626 E Wisconsin Ave.
Milwaukee, WI 53202

414/297-3600
www.fs.fed.us/r9/

The Forest Service manages public lands in national forests and grasslands. It is the largest forestry research organization in the world and provides technical and financial assistance to state and private forestry agencies. Region Nine's web page provides an eastern region fall color report, roadless area maps, wildlife, fish, and rare plant updates, and lists of recreational opportunities and events in National Forests. Naturewatch lists nature viewing opportunities, encourages safe and sound viewing ethics, and helps local communities' economics. Naturewatch materials are available online.

U.S. Fish and Wildlife Service – USFWS

One Federal Drive
BHW Bldg.
Fort Snelling, MN 55111

612/713-5360
midwest.fws.gov

USFWS is responsible for conserving, protecting, and enhancing the nation's fish and wildlife and their habitats for the continuing benefits of people. Major responsibilities include: migratory birds, endangered species, certain marine mammals, and freshwater and anadromous fish. The USFWS manages six national wildlife refuges totaling 109,843 acres in Iowa. Over 1 million people visit refuges each year to hunt, fish, participate in interpretive programs, and view wildlife.

Refuges in Iowa

Port Louisa NWR, 10728 County Rd. X61, Wapello, IA 52653, 319/523-6982

Union Slough NWR, 1710 360th St., Titonka, IA 50480, 515/928-2523

Upper Miss. River NWR (McGregor Unit) and Driftless Area NWR, PO Box 460, McGregor, IA 52157, 563/873-3423 manages alluvial slope areas protecting endangered Pleistocene snail, 37 miles on the Mississippi River including Pools 9, 10, and 11, and a visitor center in McGregor

U.S. Geological Survey – USGS

P.O. Box 1230
Iowa City, IA 52244

319/358-3600
fax: 319/358-3606
www.usgs.gov

The USGS stands as the sole science agency for the Department of the Interior. The USGS focuses on four major areas: natural hazards, resources, the environment, and information and data management. USGS provides a host of informational and educational resources available through their web site.

State Agencies

Iowa Department of Education – DE

Bureau of Instructional Services
Grimes State Office Bldg.
Des Moines, IA 50319

515/281-3146
www.state.ia.us/educate

The Department of Education has an education consultant who provides information about programs related to integrating environmental education into school curricula. Information about environmental education opportunities can be found on the department's website. The state's education system also includes fifteen Area Education Agencies (AEA's) that loan materials and provide training opportunities to educators. The contact for environmental education in most AEA's is the science consultant.

Iowa Department of Natural Resources – DNR

Wallace State Office Bldg.
502 E 9th St.
Des Moines, IA 50319-0034

515/281-5918
www.iowadnr.gov

The Iowa Department of Natural Resources is responsible for ensuring the proper management and protection of Iowa's natural resources while actively encouraging public use and enjoyment of these resources in a manner consistent with sound management principles. DNR provides public assistance and educational materials and programs, and is involved in environmental regulation and enforcement. IDNR produces many publications including a bi-monthly magazine, the *Iowa Outdoors*.

Environmental Services

The Environmental Services' mission includes protecting public safety, well-being, and quality of life by protecting the state's natural environment from harmful contamination. Environmental Services has four bureaus: Air Quality, Water Quality, Geological Survey and Land Quality, and Energy and Waste Management.

Air Quality Bureau

The Air Quality Bureau is responsible for monitoring the quality of ambient outdoor air and issuing permits to potential sources of air pollution. The DNR also protects outdoor air from asbestos contaminants. Educational resources can be found on their web page.

Energy and Waste Management Bureau

Energy

Energy publishes the quarterly *Iowa Energy Bulletin*, and has publications available on greenhouse gases, how to build energy-wise, wind energy, renewable energy, and more.

Waste Management

Waste Management deals with contaminated sites, household hazardous materials, making businesses waste efficient, recycling and composting, solid waste, underground storage tanks, waste tires, and more. It publishes a variety of booklets, brochures, videos and fact sheets on waste management and recycling.

Iowa Geological Survey and Land Quality Bureau

319/335-1575
fax: 319/335-2754

Iowa Geological Survey

Iowa Geological Survey includes the IOWATER volunteer water quality monitoring program, and provides information on the natural resources geographic information system (GIS). It has databases, applications, and publications available on water quality, mapping, and earth science.

IOWATER

www.iowater.net

This volunteer water quality monitoring program includes training, a manual, and equipment for monitoring Iowa waters. Check the web site for a current listing of training opportunities.

Land Quality

Land Quality manages programs that protect Iowa's land and groundwater resources from contamination. It also has a voluntary cleanup program so participants can clean up contaminated property or take steps to insure threats posed by contamination do not harm human health or the environment. This property may be re-used, so farmland, open-spaces, or natural areas are not developed.

Water Quality Bureau

The Water Quality Bureau is responsible for a diverse group of surface and groundwater programs. Field staff help people understand environmental protection programs and laws. They conduct routine inspections of all facilities permitted by the EPD. They also handle public complaints.

Conservation and Recreation Division

Fisheries Bureau

Hatchery Tours Information: 515/281-8959

The Fisheries Bureau includes six fish hatcheries raising some 130 million fish each year, fifteen teams managing the state's lakes and rivers, and researchers helping solve fisheries problems identified by resource managers, anglers, and the public. Fisheries managers are excellent sources of technical information as well as information about possible fishing sites. Many hatcheries have displays and tours of the facilities are available.

Forestry Bureau

The Forestry Bureau manages Iowa's four major and six smaller state forests, totaling 40,706 acres. It pursues an active land acquisition program with a goal of 250,000 acres by the year 2020. State Forests are managed for a variety of goods and services. Demonstrating good woodland management and providing forest products, wildlife habitat, and a variety of outdoor recreation opportunities is the primary emphasis.

The four major state forests are: Loess Hills State Forest (9,236 acres) in Monona and Harrison Counties, Shimek State Forest (9,209 acres) in Lee and Van Buren Counties, Stephens State Forest (13,092 acres) in Lucas, Monroe, Clark, Appanoose, Davis, and Jasper Counties, and Yellow River State Forest (8,503 acres) in Allamakee County. The smaller units range in size from 34 to 314 acres; Backbone State Forest (Delaware County), White Pine Hollow State Forest (Dubuque County), Holst, Barkley, and Pilot Mound State Forests (Boone County), and Gifford State Forest (Pottawattamie County).

Trees For Kids/Trees For Teens

Trees for Kids and *Trees for Teens* are combination tree planting and education programs. *Tree for Kids* targets 5th and 6th grades. *Trees for Teens* targets students in 7th through 12th grades. Goals are to educate students about the values and benefits of trees, make young adults aware of forestry career opportunities, and encourage students to plant landscape-sized trees at their school or other public places. Instructional videos about Iowa's trees and tree planting have been sent to elementary school libraries.

District Foresters

District Foresters assist landowners with woodland and prairie management.

State Forest Nursery

2404 South Duff Ave.
Ames, IA 50010

1-800/865-2477
fax: 515/233-1131

The State Nursery provides trees and shrubs at minimal cost for reforestation, erosion control, and wildlife plantings. Nursery stock can be ordered for either fall or spring plantings. Many brochures, publications, and posters from the U.S. Forest Service can be ordered through the State Nursery.

Law Enforcement Bureau

IDNR Conservation Officers – CO

Conservation officers are law enforcement officers who protect the fish, wildlife, environment, and citizens of Iowa. They provide public relations materials including programs for classrooms and youth groups. Most counties have one officer; a few have two.

Call your county sheriff or one of the public safety communication centers listed below for the phone number of the conservation officer in your county.

Atlantic.....	712/243-3854	Des Moines	515/281-3561
Cedar Falls	319/277-4761	Fairfield.....	641/472-5001
Cedar Rapids.....	319/396-4414	Storm Lake.....	712/732-1341

IDNR Recreational Safety Officers – RSO

Recreational Safety Officers are conservation officers who spend half their time promoting safe outdoor recreation and providing safety education programs. These programs include: ATV Safety Education, Hunter Education, Boating Safety Education, Snowmobile Safety Education, Fur Harvesting Education, and Bow Hunter Education.

TIP (Turn In Poachers)

1-800-532-2020

TIP is a non-profit corporation that provides rewards to people who report information on law violations that result in citations. TIP also sponsors educational materials and programming relating to wildlife laws. The toll-free TIP number is monitored 24-hours a day. Report fish and wildlife violations to TIP with as much information as possible including: description of the possible violator, vehicle, license number, and time and place of the violation.

Parks Bureau

Recreation opportunities abound in Iowa State Parks and Recreation Areas. From hiking to historical sites and bird-watching to bicycling, each park offers a unique attraction. Most are excellent sites for field trips. Call the park for more details on each area.

Preserves

The Iowa State Preserves System identifies and preserves, for this and future generations, portions of our natural pre-historical and historical heritage and maintains preserved lands, as nearly as possible, in their natural condition. Ninety parcels have been dedicated into the Preserves System (9,000 acres). Individuals, private conservation groups, cities, counties, or the state own the sites. Preserves are managed according to plans developed cooperatively by the owner, the Preserves Board, the preserve manager, and IDNR staff.

Adopt-A-Program

515/281-8675

The Adopt-A-Program organizes concerned citizens dedicated to the stewardship of Iowa's streams, parks, prairies, forests, or other natural areas. It was developed to stimulate public awareness of our natural resources and to encourage environmental action to protect and enhance these resources. Adopt-A-Program is an opportunity for everyone to get involved in natural resource conservation.

Wildlife Bureau

The Wildlife Bureau includes 20 management units and three research stations, each staffed by biologists and technicians. Wildlife biologists manage public lands, assist private landowners with habitat improvement projects, and provide information about wildlife populations on public lands. Wildlife management areas encompass over a quarter million acres for outdoor recreation.

IDNR Wildlife Diversity Program

1436 255th St.
Boone, IA 50036-7557

515/432-2823
fax: 515/432-2835

The Wildlife Diversity Program is responsible for the 400 species of wildlife not hunted or trapped in the state. Activities included peregrine falcon, osprey, otter, and trumpeter swan restoration; Bald Eagle Appreciation Days; kestrel box program; research on nongame species; population surveys; and the Breeding Bird Atlas. Frog and Toad, Peregrine Falcon, Colonial Water Bird, and Raptor Nesting surveys are completed using volunteers. Several publications, posters, and handouts are available for student use. Slide shows and videos are available for loan.

IDNR Wildlife Research Biologists

Research biologists conduct research on wildlife populations, coordinate wildlife reintroduction and restoration efforts, collect biological data, make hunting season recommendations, and band waterfowl.

Wildlife Diversity Program administrator, 502 E 9th St, Des Moines 50319 515/281-4814

Communications Bureau

The Communications Bureau encompasses several education and information programs and materials including the *Iowa Outdoors*, Aquatic Education Program, and Springbrook Conservation Education Center.

Iowa Outdoors

The *Iowa Outdoors* is the official publication of the IDNR. The bi-monthly magazine includes information about all aspects of Iowa's natural resources.

Aquatic Education Program

2473 160th Road	641/747-2200
Guthrie Center, IA 50115	AquaticEd_Info@dnr.iowa.gov

The Aquatic Education Program is an effort of the DNR Fisheries bureau designed to improve public understanding of aquatic resources and their environment.

Demonstration Models

EnviroScape™

The EnviroScape™ is a desktop model, developed by the Terrene Institute to demonstrate point and nonpoint sources and prevention of pollution in a watershed. The EnviroScape™ includes a user's guide for the demonstration facilitator. Cocoa, cooking oil, and powdered drink mixes represent pollutants. The model allows the presenter to show a series of events that may take years to occur in a natural setting. Models are available for loan from over 60 locations in Iowa.

Stream Table

The *Stream Table* shows how sediment, vegetation, and flowing water interact in a dynamic stream system. The portable model can be used to provide an interactive, hands-on demonstration for participants of all ages. It helps learners understand ambiguous terms such as “watershed” and “nonpoint source pollution.” Models are available for loan at 23 locations.

Fish Iowa!

This teaching module incorporates physical education, health, biology, and home economics into a comprehensive program that focuses on fishing. Teaching aids include videos, posters, a CD-ROM, and free loan rods and reels. Materials are available at no cost through workshops, seminars, and individual training sessions.

Hooked on Fishing – Not on Drugs®

This program for schools and communities offers a positive alternative to experimenting with drugs. Through fishing and aquatic education activities for grades K-12, students build self-esteem, life skills, civic responsibility, and improve family and community relationships. They also become caretakers of the environment. Materials include an instructor’s manual and parent’s guide distributed with the *Fish Iowa!* materials.

Projects WILD, WILD Aquatic, and Learning Tree

Projects WILD, WILD Aquatic, and Learning Tree are K-12 multidisciplinary programs provided to educators free of charge through pre-service methods classes and in-service workshops throughout the state. Most workshops are provided through teaching methods classes, but in-service workshops can be requested for a minimum of 15 educators and/or youth leaders. A nominal registration fee may be charged to cover facilitator expenses.

Taking Action: An Educator’s Guide to Involving Students in Environmental Action Projects

This guide, intended for 5-12 grade educators, helps students translate interest in wildlife and environmental concerns into environmental action projects. Contact the *WILD/WILD Aquatic/PLT* coordinator for **single** copies.

Conservation Education Center

2473 160th Road
Guthrie Center, IA 50115

641/747-8383
fax: 641/747-3951

The primary purpose of the center is to work with student groups. Staff are available on-site to work with visitors. Located on the east side of Springbrook State Park, the center can be used by reservation only. Please check with the center for pricing and availability.

Volunteer Program (Keepers of the Land)

800/367-1025

www.iowadnr.gov/volunteer/index.html

Keepers of the Land provides support for successful volunteer programs, and develops new opportunities for volunteers to help conserve, protect, and enhance our natural resources. Opportunities to volunteer are listed on the web site.

Public Universities

Iowa State University

Iowa State University Extension

Iowa State University
Ames, IA 50011

www.extension.iastate.edu

ISU Extension provides outreach in agriculture and natural resources, business and industry, communities, families, youth, and extended and continuing education. Contact your county office, or visit their web site for a complete listing of available publications. ISU Extension and Iowa Association of Naturalists have published several series of informational booklets for educators.

Leopold Center for Sustainable Agriculture

209 Curtiss Hall
Iowa State University
Ames, IA 50011-1050

515/294-3711
fax: 515/294-9696
www.leopold.iastate.edu

The Center offers conferences, workshops, tours, and youth camps. Some examples include: Iowa Master Conservationist Program, networking opportunities for Iowans involved in food systems and value-added projects, Center-sponsored investigators, and presentations at educational in-service training sessions, conferences, field days, and other events.

NatureMapping

124 Science II
Iowa State University
Ames, IA 50011-3221

515/294-7222
www.extension.iastate.edu/naturemapping

NatureMapping is a program documenting the presence or absence of Iowa wildlife species. Special training workshops are provided and data entry is online.

University of Iowa

Hygienic Laboratory

University of Iowa
102 Oakdale Campus, #H101 OH
Iowa City, IA

319/335-4500
fax: 319/335-4555
www.uhl.uiowa.edu

The Hygienic Laboratory professionally analyzes water samples to insure the safety of Iowa's drinking and surface waters. The lab offers a week-long course in environmental assessment for talented and gifted students. The course uses field and laboratory perspectives and is a hands-on experience involving chemists, microbiologists, and limnologists from the lab.

Division of Recreational Services

University of Iowa
E216 Field House
Iowa City, IA 52242

319/335-9293
www.recserv.uiowa.edu

Macbride Raptor Project – MRP

Washington Hall – Kirkwood Community College 319/398-5495
6301 Kirkwood Blvd. SW www.macbrideraptorproject.org
Cedar Rapids, IA 52406

The University's Division of Recreational Services offers environmental education programs, maintains a raptor rehabilitation and education center, and has facilities for picnicking, camping, hiking, and cross-country skiing at the University of Iowa Macbride Nature Area.

University of Northern Iowa**Center for Energy and Environmental Education – CEEE**

University of Northern Iowa 319/273-2573
Cedar Falls, IA 50614-0293 fax: 319/273-7140
www.uni.edu/ceee/

The Center for Energy and Environmental Education seeks promotes actions at the local level that have global implications. CEEE's work focuses on energy use, land use, materials use, and consumption and population growth. Programs include: Iowa Energy Poster Contest, Rebuild Cedar Valley, Iowa Electrathon, Energy Star Congregations, Iowa Energy Summit, National Sustainable Consumption Initiative, Iowa Festival Recycling Project, Taking on the Challenge of Climate Change, and Environmental Issues Instruction.

Iowa Academy of Science – IAS; Iowa Science Teachers Section – ISTS

175 Baker Hall, UNI 319/273-2581 or 319/273-2021
Cedar Falls, IA 50613 ists.pls.uni.edu

ISTS is the largest membership component of the Iowa Academy of Science. It advocates for excellence in Science Education by promoting professionalism, influencing policy, and enhancing learning. ISTS holds an annual fall conference to disseminate new teaching techniques and resources. IAS sponsors *Project WET* – water related activities for all grade levels. Its web page has downloadable activities and science links.

Iowa Project WET

Iowa Academy of Science 319/273-7486
175 Baker Hall, UNI fax: 319/273-2807
Cedar Falls, IA 50614 www.uni.edu/~iowawet/

Workshop participants become familiar with the *Project WET Activity and Curriculum Guide* and peer teacher activities that use a variety of teaching and learning styles, and share classroom experiences. Project WET facilitators arrange workshops throughout the state. Contact the Iowa Project WET office for dates and locations.

County Conservation Boards – CCB

County conservation boards own and manage public areas (museums, parks, preserves, parkways, playgrounds, recreation centers, forests, wildlife, and other conservation areas) in their counties. Many of these areas are good field trip destinations. CCB naturalists often assist with school programs and/or help locate other volunteers. Every Iowa county has a CCB.

Conservation Organizations

Bass Angler Sportsman Society – B.A.S.S.

www.iabass.com

B.A.S.S. has more than 2,800 clubs with approximately 50,000 members dedicated to the future of bass fishing. They promote catch-and-release, encourage community involvement, lobby, introduce youth to fishing, and conduct tournament creel census reports. There are 45 junior chapters with approximately 1,000 members. Many are affiliated with other youth organizations. The Bassmaster CastingKids program is a flip, pitch, and cast competition open to young people in two age groups, 7-10 and 11-14.

Conservation Districts of Iowa – CDI

1711 Osceola Ave., Ste. 251
P.O. Box 801
Chariton, IA 50049

641/774-4461
fax: 641/774-5319
www.cdiowa.org

Soil and water conservation districts are legal subdivisions of state government managed by a board of five elected commissioners. Commissioners carry out state and federal laws and programs. They also serve as local sponsors for watershed projects, resource and development areas, and soil surveys. The National Association of Conservation Districts publishes materials for educators on soil conservation and sponsors the Canon Envirothon with Monsanto, the U.S. Forest Service, and the U.S. Environmental Protection Agency. The Envirothon is a multi-disciplinary, environmental problem-solving program culminating in an annual series of competitions. Teams of five students (grades 9 – 12), sponsored by a local conservation district, train and compete in the areas of soils, aquatic ecology, wildlife, forestry, and current environmental issues at local, regional, and state levels.

Ducks Unlimited, Inc. – DU

One Waterfowl Way
Memphis, TN 38120
800/45 DUCKS
www.ducks.org

Ducks Unlimited, Inc.
225 W Main, Lower Level
Lake Mills, IA 50450
641/592-3600

Ducks Unlimited's mission is to fulfill the annual life cycle needs of North American waterfowl by protecting, enhancing, restoring, and managing important wetlands and associated uplands. Since 1937, DU has raised money for conservation of prime wildlife habitat in all fifty states, each of the Canadian provinces, and key areas of Mexico. Downloadable materials are on their web site (e.g., *An Index of Supplemental Wetland/Outdoor Activities listed by topic*, *Complete Classroom Curriculum (4 – 12)*, *Teacher's Guide for Grades 4 – 6*)

Hawkeye Fly Fishing Association – HFFA

PO Box 947
Iowa City, IA 52244-0947

319/683-2864
www.hawkeyeflyfishing.com

HFFA is a non-profit organization of Iowa anglers and conservationists dedicated to promoting fly-fishing and associated activities. HFFA is an affiliate of the Federation of Fly Fishers (FFF), an organization devoted to promoting all types of fly-fishing and protecting fly-fishing waters and their inhabitants. HFFA has worked on trout stream improvements in northeast Iowa, publishes a newsletter, and sponsors events around the state each year including introductory fly-fishing and fly tying clinics.

Iowa Association of Naturalists – IAN

PO Box 68
Grand Mound, IA 52571

563/847-7202
fax: 563/847-7204
www.ianpage.20m.com

The Iowa Association of Naturalists promotes the development of skills and education within the art of interpreting natural and cultural resources in Iowa. IAN publishes a newsletter, *The Web*, educator information, and a *Guide to Environmental Education and Interpretive Services in Iowa*, and sponsors a junior naturalist program and continuing education workshops.

Iowa Conservation Education Coalition – ICEC

PO Box 9052
Cedar Rapids, IA 52409

adminicec@hotmail.com
iowaee.org

The Iowa Conservation Education Coalition is one of the largest state organizations of conservation educators in the nation. Members include classroom teachers, college educators, and interpretive naturalists representing county, state, federal, and private entities. Members receive the newsletter, *Pathways to Education*, three times a year. Workshops are co-sponsored by ICEC and cooperating agencies. Sessions concentrate on teaching techniques in outdoor education, general outdoor knowledge, and environmental issues. ICEC provides grants to educators and has an awards program recognizing outstanding classroom teachers, naturalists, business leaders, youth, non-profit groups, and others dedicated to environmental education. Yearly membership is \$25 for adults and \$20 for students.

Iowa Environmental Council – IEC

521 E Locust St., Ste. 220
Des Moines, IA 50309

515/244-1194
fax: 515/244-7856
www.earthweshare.org

The Iowa Environmental Council was formed in 1994 by a group of 29 organizations and individuals concerned about the environment. The Council seeks a sustainable future through shaping public policy, research and education, coalition-building, and advocacy. Individual membership is \$50 per year. Their web page has detailed descriptions of all member organizations.

Iowa Natural Heritage Foundation – INHF

505 Fifth Ave., Suite 444
Des Moines, IA 50309-2321

515/288-1846
fax 515/288-0137
www.inhf.org

INHF builds partnerships and educates Iowans to protect, preserve, and enhance Iowa's natural resources for future generations. Current organization priorities include: permanent land protection (through land purchase for public holding or conservation easements), trail and greenway establishment (Iowa trail maps available online), promotion of improved land management (prairie restoration, Neotropical migrant bird habitat needs, and watershed protection), and providing internship opportunities. Several educational publications are available online.

Iowa Ornithologist Union – IOU

2308 State Ave.
Ames, IA 50014-8344

515/292-3790
www.iowabirds.org
Listserv: www.iowabirds.org/main/listserve.asp

The Iowa Ornithologist Union is a nonprofit group organized to promote enjoyment and study of birds. Membership is open to anyone interested in birds. IOU encourages interest in identification, study, and protection of birds in Iowa. The IOU publishes a quarterly journal, *Iowa Bird Life*, a quarterly newsletter, *IOU News*, and a *Field Checklist of Iowa Birds*. A bird line contains a recording of locations of interesting birds recently sighted around the state (712/364-2863). IOU published a teacher's activity guide on birds.

Iowa Prairie Network – IPN

PO Box 572
Nevada, IA 50201

515/382-1512
www.iowaprairienetwork.org

The Iowa Prairie Network sponsors guided hikes, work projects, and education programs designed to learn about, teach, enjoy, and protect Iowa's prairie heritage. It provides technical advice on prairie management and prairie preservation methods and technical publications.

Iowa Student Environmental Coalition – ISEC

1605 320th Way
Earlham, IA 50072

515/833-2964
fax: 515/465-3379

The Iowa Student Environmental Coalition, a coalition of thoughtful, committed Iowa students, encourages others to become responsible and active towards an environmentally sound future through actions at the local, regional, and state-wide level. ISEC hopes to inspire Iowa's students through communication, education, awareness, and action, thus strengthening unity among students. It sponsors a state fall student conference, political activism workshop, state spring student conference, regional student conferences, and a statewide student water monitoring project. ISEC publishes a quarterly newsletter and a Student Environmental Groups Directory.

Iowa Wildlife Rehabilitators Association – IWRA

PO Box 217
Osceola, IA 50213

641/342-2783

The Iowa Wildlife Rehabilitators Association is a nonprofit organization that promotes public awareness of wildlife rehabilitation and provides rehabilitators with current information regarding wildlife care. IWRA offers quality care and treatment to injured wildlife. After recovery, healthy animals are returned to appropriate wild habitats. Members of IWRA include licensed rehabilitators, veterinarians, environmental educators, humane societies, and interested individuals. IWRA publishes an informative newsletter, *Rehab Ringer* and a state directory of wildlife rehabilitators. Educator materials include a color and learn book and protected predator poster. Internship opportunities and tours may be available with IWRA organizations.

Izaak Walton League of America, Iowa Division – IWLA

321 E Walnut, Ste. 130
Des Moines, IA 50319-2048
iowaikes@mcleodusa.net

515/883-2358
fax: 515/883-2362
www.iowaikes.com/

A nonprofit conservation organization formed nationally in 1922, the Ikes are dedicated to protecting the air, land, and water resources. Priority issues include water quality, manure management, and energy issues. The League has a *Save Our Streams* program with a citizen's action guide, newsletter, and kid's packet. A Wetland Adoption program also is available. A Fish Kill Advisory Network is available at their web site. Check for a local chapter in your area. Some chapters are active in youth education through a program called Uncle Ikes.

Loess Hills Alliance

1600 S Hwy 275, Ste. 190
Council Bluffs, IA 51503

712/309-0012
fax: 712/309-0013

The Loess Hills Alliance provides grassroots, broad-based representation for land use management and stewardship in the Loess Hills region. The Alliance communicates, cooperates, and coordinates conservation efforts in the Loess Hills. An interactive CD-ROM includes information about the Loess Hills and the Loess Hills Alliance, studies that have been completed in the Hills, and the Iowa Department of Educations Loess Hills Curriculum.

National Arbor Day Foundation

100 Arbor Ave.
Nebraska City, NE 68410

888/448-7337
www.arborday.org

The National Arbor Day Foundation is the world's largest tree-planting organization. It provides more than 8 million trees for planting throughout America each year. Their web site has many ideas for celebrating Arbor Day and youth education materials are available.

National Audubon Society

700 Broadway
New York, NY 10003
212/979-3000
fax: 212/979-3188
www.audubon.org

Iowa Audubon
PO Box 71174
Des Moines, IA 50325
515/727-4271
fax: 515/727-4273

The National Audubon Society's goal is to restore ecosystems so other birds and wildlife can flourish and enrich the diversity of life on Earth. Annual membership is \$20 and includes the *Audubon* magazine and membership in your local chapter. Resources and classroom projects for educators, updated monthly, are available on their web page. Classroom resources include: *Audubon Adventures* (grades 3 – 6), *National Audubon Society First Field Guides*, and more. Interactive web projects for students also can be found on the web page (e.g., WatchList for Kids, Great Backyard Bird Count, Classroom FeederWatch, and Earth Stewards). Audubon also sponsors professional development for educators, Audubon camps and workshops, and the Audubon Expedition Institute.

National Wild Turkey Federation – NWTf

Iowa's Regional Director
3158 Pacific
Woodburn, IA 50275

641/342-2500
www.nwtf.com

NWTf is a grassroots, non-profit organization with 390,000 members in 50 states, Canada, and 11 foreign countries. It supports scientific wildlife management on public, private, and corporate lands as well as wild turkey hunting as a traditional North American sport. NWTf helps sponsor many educational events around the state. Their web page lists contact information for staff in specific areas. Education programs include, JAKES field days (youth) and Women in the Outdoors events.

National Wildlife Federation – NWF

11100 Wildlife Center Dr.
Reston, VA 20190
800/822-9919
www.nwf.org

Iowa Wildlife Federation
Box 3332
Des Moines, IA 50316
319/624-3107
fax: 319/644-3213

The National Wildlife Federation is a grassroots, non-profit organization founded in 1936 by editorial cartoonist J.N. "Ding" Darling. NWF's main goal is to encourage people of all ages to conserve and protect the environment. Hands-on nature programs, educator resources, activities, and lesson plans are available.

(The) Nature Conservancy, Iowa Chapter

The Homestead Building
303 Locust St., Ste. 402
Des Moines, IA 50309

515/244-5044
fax: 515/244-8890
www.tnc.org/iowa

The Nature Conservancy is an international, nonprofit environmental organization committed to the protection of biodiversity. Its mission is to preserve plants, animals, and natural communities that represent the diversity of life on Earth by protecting the lands and waters they need to survive. Since 1963, the Conservancy has helped save thousands of acres in Iowa. Currently, the Conservancy manages 33 preserves totaling over 5,000 acres of natural sanctuaries in 34 Iowa counties. Members receive *Iowa Field Notes*.

Pheasants Forever – PF

www.pheasantsforever.org

Southern Iowa

Jim Wooley
641/774-2238

Central Iowa

Dave VanWaus
641/377-3480

Western Iowa

John Linquist
712/754-3221

Eastern Iowa

Tom Fuller
319/828-2050

Pheasants Forever is a nonprofit conservation organization dedicated to protection and enhancement of pheasant and other upland wildlife populations through habitat improvement, public awareness and education, and land management that benefits farmers and wildlife. Most Iowa counties have chapters and local contacts. PF's youth programs include a mentoring manual and the Leopold Education Project (LEP). LEP is an innovative, interdisciplinary, critical thinking, conservation and environmental education curriculum based on the classic writings of the renowned conservationist, Aldo Leopold.

For more information on LEP:

1783 Buerkle Circle
St. Paul, MN 55110

877/773-2070
fax: 651/773-5500
www.lep.org

Practical Farmers of Iowa – PFI

P.O. Box 349
Ames, IA 50010

515/232-5661
fax: 515/232-5649
www.pfi.iastate.edu

Practical Farmers of America promotes the interests of Iowa farmers by encouraging, sponsoring, and conducting research and educational activities designed to improve land productivity and enrich the health, environment, and economic well-being of farm families. Members receive *The Practical Farmer*, a quarterly newsletter. A member directory of skills and interests, a guide to statewide field days, and other publications are available. PFI sponsors a summer camp for families and youth to learn about Iowa's food systems and ecologically sound farming. PFI also provides direct contact with growers for Iowa-produced meals for groups and conferences.

Saving Our Avian Resources – S.O.A.R

25494 320th St.
Dedham, IA 51440

712/683-5555
fax: 712/683-5535
www.soarraptors.org/index.html

SOAR is a non-profit organization that supports wildlife rehabilitation in western Iowa. Educational programs using live birds of prey are available. Birds of prey (raptors) are used to discuss raptor biology, predator/prey relationships, endangered species, and habitat quality and conservation. Wild birds can be “adopted” to fund their recovery and release to the wild. Tours of rehabilitation facilities are available.

Trees Forever

770 7th Ave.
Marion, IA 52302

319/373-0650 or 800/369-1269
fax: 319/373-0528
www.treesforever.org

Trees Forever’s mission is to facilitate planting and care of trees and conservation and restoration of forests through action-oriented programs, education, and public awareness. Trees Forever promotes stream buffers (that help control erosion, increase wildlife habitat, and reduce nonpoint source pollution along Iowa rivers and streams), community planning and plantings, and roadside vegetation restorations. Trees Forever produces videos and other publications to educate people of all ages about the environmental importance and cultural significance of trees in everyday life. Visit their web page for a complete list.

Trout Unlimited – TU

1500 Wilson Blvd., #310
Arlington, VA 22209-2404

800/834-2419
www.tu.org

TU sponsors First Cast. This flexible curriculum divides the skills of fly-fishing into units and includes step-by-step recommendations for organizing classes, events, field trips, and community projects. Members and chapters have access to low-cost equipment and other materials. Iowa contacts are listed on their web page.

Whitetails Unlimited is a national conservation organization dedicated to the betterment of the white-tailed deer and its environment. WTU supports educational programs, habitat conservation, and preservation of the hunting tradition. Some educational programs include: hunting tradition (support of hunter safety education), DEER Program (Developing Educational Environmental Resources), HOPE Program (Habitat Options and Planned Enhancement), and Project POLITE (Permission Of Landowner In order To Enter). Educational booklets are available online.
